An Open House at the European School

Admissions are now open for the 2018-2019 academic year at the European School. On March 31, 2018, our school hosted an Open House for parents and guests to provide them with relevant information regarding the school's educational programs. Our Open House agenda helped the guests to get acquainted with the European School. They learnt about the school's advantages, received information regarding educational programs, toured around the school building with our current students, talked to the program coordinators and attended demo lessons. Sophio Bazadze, the Academic Director of the European School, welcomed the guests and discussed the advantages that the school is offering to children who want to pursue their education at the European School.

The European School Hosts Classical Music Festival

For the fourth time in a row, the European School organized the Classical Music Festival. This year's festival was diverse, fun and entertaining. Conductor M. Khukhunaishvili, and the Student Orchestra from V. Sarajishvili Tbilisi State Conservatoire, held conducting lessons for our students. "Let's Be Conductors!" project introduced our students to the art of conducting music and allowed them to conduct an orchestra. Students admitted that conducting is no easy job, but interesting nevertheless. Niko Gersamia, PYP grade 5 student, emerged as an overall winner of "Let's Be Conductors!" project. Mirian Khukhunaishvili awarded him with a conducting baton.

The festival winners were announced in four nominations:

Judges' Choice – Luka Shatberashvili, Grade 11

The Most Skillful Performance – Xizi Zhang, Grade 5

The Most Academic Performance – Nutsa Mestvirishvili, Grade 6

The Most Musical Performance – Temur Tvauri, Grade 6

The Festival Finale was very eventful. In the end, Liana Chivadze, a singer, and a duet, "Kristina and Regina," performed for the audience.

International day of forest

Students of the Cyprus International University delivered a project which aims to run summer internships and camps for school age children. Representatives of the “Students for a Sustainable World” project visited the European School and conducted an interactive seminar with activities about Ecological issues facing MYP students. All the participants attending the seminar received certificates. One of the activities that we planned for the “International Day of Forests” was MYP students’ “bake sale”. They were very enthusiastic to run the charity event as money raised from this will go towards buying saplings to replace the ones lost during the recent Borjomi’s forest fires.

The European School Students Visit “Babale”

Together with Thea Siradze, English Language and Literature teacher, we went to visit “Babale” and took sweets to children with disabilities. We decorated Easter eggs with them, engaged in various teambuilding activities and picked up some new decorating skills. The decorated eggs will be sold and all the money raised will be donated to charity.

Mishiko Gabaidze, MYP grade 7B

The European School Students Celebrate World Theatre Day

The European School students decided to surprise their peers and joined the celebration of the World Theatre Day. Grade 8B students staged sketches and skits based on the famous plays: “Trouble of Darispani” and “the Cherry Orchard.” The entire student body, along with the teachers and parents, embraced and welcomed our students’ acting skills.

Month of Francophonie

March is the month of Francophonie. Our Year 9-10 MYP students decided to launch a project connected to this event. They searched and analyzed information and prepared an oral presentation using posters. Student picked one random member country of the organization for their presentations. They explained to their friends what Francophonie is and why countries are part of this organization. The presentation took place at our monthly MYP assembly in the main hall.
