

What were we studying?

This unit, we were learning about different processes that people use every day to make things easier or to create a better result.

The two main processes we focused on is the Scientific Method and the Writing Process. As a class, we looked at how the Scientific Method ensures a fair test while conducting experiments. The students were also able to see how their stories improved as they went through various revising and editing stages.

In addition, they investigated a few other processes in their Art, Music, and PSPE classes. They tried different scaling, watercolor, and sculpting techniques in their art lessons with Mr. Bacho. With Ms. Nino, they looked at different musical layers within a song and techniques musicians use to play on the guitar. Mr. Nika had them work on different fitness goals throughout the unit, focusing on the process of improving your physical health and stamina.

Thanks!

We would like to thank Ms. Sopia Bazadze, Mr. Christo Steyn, and the European School for their support and use of the main hall facilities. Another big thanks to Ms. Tamuna Dargargulia, our PYP coordinator, who assisted us through this process and organized the time and day.

It also would not have been possible without the support of all the PYP teachers and parents who guided the students during their projects.

THE 2017 PYP GRADE 5 UNIT 1 EXHIBITION

Tuesday, November 7, 2017

*Ms. Jenni Stobiecki
Ms. Tina Gugushvili*

Presentation Order

11:00 – Opening greeting from Ms. Jenni and Ms. Tina

11:05 – Exhibition of science projects (please feel free to walk around and learn about all science projects)

11:30 – Presentation of class musical composition and exhibition of individual student projects

11:55 – End of the presentation

Exhibition of Science Projects

Project Description

Group 1 – Vako Nikoleishvili, Rawan Al-Saeed, and Nikola Kobeshavidze

Question: Does the type of seed affect a plant's growth?

Group 2 – Vania Vatanchi, Aysel Tarverdiyeva, Misha Bartuli, Alireza Bandedboni Moradi

Question: Is the amount of light important for a plant's growth?

Group 3 – Anna Nadirashvili, Niko Gersamia, Soniya Hashemy, and Dato Zubitashvili

Question: Does the type of soil affect a plant's growth?

Group 4 – Valeh Hajiev, Leyla Ibrahimova, Sofia Maliy, Zhang Xisi, Daria Lebedeva, Lana Mamtsashvili

Question: Is a plant's growth affected by different amounts of water?

Group 5 – Levon Safaryan, Natali Koiava, Kristi Goglichidze, and Isko Daseni

Question: Does the amount of light affect a plant's growth?

Group 6 – Kerem Dogan, Barman Hajian, Giorgi Kiknadze, Lizi Varsemashvili, Tasneem Ahmed

Question: Is fresh, healthy soil important for a plant's growth?

Group 7 – Tara Fakhimi, Lizi Zhorzholiani, Levon Eloidze, Datuna Siradze

Question: Does the amount of water affect a plant's growth?
